[Hearthstone's Year Of The Mammoth Will Have Three 130 Card Expansions](#)

Cards Moving From Classic to Wild

Six cards are moving over to a new Wild-only set called the Hall of Fame set. If you own any of these cards, you will keep them and gain dust equal to their creation value when the rotation hits.

We recommend crafting these cards if you don't have them already, especially the golden versions. If you own both versions of a card, gold and normal, you will only get dust for the golden card, so you should dust the normal version now.
